

A black and white photograph of a building facade, likely a university building, with scaffolding visible. The building is partially obscured by trees in the foreground. Two banners are hanging from the building. The top banner features a circular logo with the letters 'TC' and a stylized 'O' in the center. Below the logo, the text 'TOURO COLLEGE' is visible. The bottom banner features the text 'TOURO COLLEGE' and 'GRADUATE DIVISION' below it. The overall scene is a mix of architectural elements and natural foliage.

Touro College and University System

The Touro College and University System is a Jewish-sponsored independent institution of higher and professional education serving the larger American community.

Approximately 19,000 students are currently enrolled in its various schools and divisions. Touro College is accredited by the Middle States Commission on Higher Education, 3624 Market Street, Philadelphia, PA 19104, phone number (267) 284-5000. The Middle States Commission on Higher Education is an institutional accrediting agency recognized by the United States Secretary of Education and the Council for Higher Education Accreditation. All Touro branches in California and Nevada are accredited by the Accrediting Commission, for Senior Colleges and Universities of the Western Association of Schools and Colleges, 985 Atlantic Avenue, #100 Alameda, CA 94501, phone number (510) 748-9001.

For more information on the Touro College & University System, please contact us at 27-33 West 23rd Street, New York, NY 10010, visit us on the web at: <http://www.touro.edu>, or call (212) 463-0400.

Letter from the President

Welcome to the Touro College and University System's first publication of faculty research. This inaugural volume contains an index of our research published in 2010. Our outstanding faculty educates a broad array of students throughout the New York metropolitan area, across the United States, and around the world. I am proud of their educational and research accomplishments. I wish to thank all who have been involved in research at Touro since its inception and especially those who have contributed to this 2010 compilation. I look forward with great anticipation as we further expand the research pursuits throughout our university system.

In addition to this publication, our library staff has assembled an online database (<http://facpubs.tourolib.org/>) devoted to documenting the scope of our faculty's extensive research activities. From early works by Touro's founder, Dr. Bernard Lander, to 2012 print publications already available online, our faculty publications database is a comprehensive record of the scholarly research that our professors have conducted over many years. I wish to thank our library staff for their tireless efforts.

I am confident that researchers, both within and outside of the Touro College and University System, will discover and benefit from the richness of Touro's scholarly resources.

Sincerely,

Dr. Alan Kadish
President

Acknowledgments

We would first like to thank Touro College's Library Director, Bashe Simon, who originally helped spearhead the project and worked in support of the database from the start.

Thank you to Yitzchak Schaffer, our Systems Manager, and his assistant, Liping Ren, who built the database platform and kept it running as it evolved and improved, largely due to their diligence and verve.

We would also like to thank our branch librarians who helped check and edit the citations, Edlira Agalliu, Caitlin Bernstein, Annette Carr, Debora Deurksen, Leib Klein, David Levy, Jamie Luise, Amram Rister, Carol Schapiro, Rita Stravets, & Marina Zilberman...you are all appreciated. Our gratitude also goes out to Arezal Solyemani, our work-study student with the meticulous eye.

To Senior Vice President, Moshe Krupka, whose early endorsement and persistent encouragement spurred our efforts on; and to Chief of Staff, David Raab who, at our request, cast his net and came back with citations from every corner of Touro, thank you both. Many thanks to Esther Greenfield who made this publication happen with her enthusiasm, expertise, and earnest attention.

Thanks too to Mrs. Linda Silberman of Dean Stanley Boylan's Office for her dedication in her role as liaison between the library and the undergraduate faculty.

Project Manager:

Sara Tabaei, Library Information Literacy Services Director

Special Project Librarian:

Greg McMurray, Library Assistant

Note from the Library

This publication is a reflection of the 2010 Faculty Publications located in the Library's Faculty Publication index, but is arranged in a unique way, and therefore bears a brief explanation.

For this book, we have chosen to organize the publications in two ways; listing the faculty members alphabetically, and organizing the publications by Touro College schools.

These arrangements should afford the reader the greatest possible usability, and will mimic the filtering functions of our database. We hope that those referencing this book of works published in 2010 will also go online and discover the faculty publications database that Touro College Libraries has created.

The database contains only scholarly material and is therefore intended to be used for serious research by scholars, students, and professionals.

Touro College Library is proud to host a permanent, searchable database of research accomplishments published by Touro faculty, which we consider to be one of the best in the country, and we are proud to present these, some of Touro College's most recent publications.

Simon Bashe, Director of Libraries

Habeeb, K., Durre, K., Sun, J., & Qureshi, M. (2010). RSV-induced polarization of lung DCs towards plasmacytoid DCs with an associated Th2 response is dependent on NKT cells in the neonatal lungs. *Journal of Immunology*, 184 (Abst. Suppl.), 37, 46.

Books

William Roy

Moore, N. A., & Roy, W. (2010). *Rapid review gross and developmental anatomy*. Philadelphia, PA: Mosby-Elsevier.

NOTES

Every effort was made to identify all Touro College and University System faculty authors who published scholarly articles between January 1, 2010 and December 31, 2010. We regret any omissions or inadvertent errors.

We invite faculty authors to submit their 2011 publication information to our publication database at www.tourolib.org/resources/faculty-publications, or contact Sara Tabaei, Project Manager of Faculty Publications, directly at: sara.tabaei@touro.edu, or call 212-463-0400 ext. 5233 for inclusion of your publication(s).
