

**Touro College Research Council
Faculty Profiles and Research Websites Subcommittee**

Mission:

- To establish a working template for a faculty member profile that meets the Touro College web department criteria and provides an easy and accessible format for each school to utilize. This same mechanism will be designed to allow for easy and regular updates (to occur, at minimum, once a year).
- To provide to the web department, photos of each faculty member from each school to provide up to date images that may be incorporated onto the Touro College web site.
- To serve as a facilitator between the Touro College web department and the individual schools (as needed) to help provide feedback information on the ongoing efforts to develop a consistent format of the Touro College website that still allows for an individualization of each individual website as needed for each school to meet their research information goals. This will allow any viewers to easily access vital Touro College school information regardless of which school page they were perusing.

Members – 2015-2016:

June Kume, MSPT, Ph.D. (Chairperson)
Assistant Professor, Research Coordinator
Bay Shore Doctor of Physical Therapy Program
(631) 665-1600 x6243
